CHEMICAL PROTECTION

GUIDE 4022

REUSABLE | NON SUPPORTED

Chemical protection gloves against brief exposure to acids, paints, and solvents. Using an efficient combination of latex and neoprene, they meet high demands for durability and flexibility. Lined with flocked cotton, the gloves provide comfortable fit. Honeycomb-patterned coating offers superior grip even under wet conditions. Food approved

- Type A Chemical Protection
- Microbiological and virus protection
- High durability and flexibility
- Fantastic grip and moisture management
- Flock-lined
- Anatomically shaped for maximum comfort
